

# Evolve Sacco Management System

## Best For Saccos

Evolve Sacco Management System is specifically designed to meet the unique needs of Savings and Credit Cooperative Organizations (Saccos). Our system provides a robust platform to manage all aspects of your Sacco operations, ensuring efficiency and member satisfaction.

### Key Features:

1. **Member Account Management:**
  - Easily manage member accounts, including shares, deposits, and withdrawals.
  - Provide members with a user-friendly interface to access their account information.
  - Track member contributions and generate statements for transparency.
2. **Loan Processing and Tracking:**
  - Streamline loan applications, approvals, and repayments.
  - Ensure transparency and efficiency in loan management.
  - Monitor loan performance and generate reports for decision-making.
3. **Share and Dividend Management:**
  - Accurately manage shares and dividends.
  - Provide members with clear and timely information on their investments.
  - Automate dividend calculations and distributions.
4. **Real-Time Financial Reporting:**
  - Access real-time financial reports to monitor the health of your Sacco.
  - Make data-driven decisions with comprehensive financial analytics.
  - Generate balance sheets, income statements, and cash flow reports.
5. **Advanced Security Features:**
  - Protect sensitive member data with advanced security measures.
  - Ensure trust and confidence among your members.
  - Implement role-based access controls to safeguard information.
6. **Scalable and Customizable:**
  - Scale the system as your Sacco grows.
  - Customize features to meet the specific needs of your organization.
  - Adapt to changing regulatory requirements and business needs.
7. **Member Communication Tools:**
  - Enhance communication with members through SMS and email notifications.
  - Keep members informed about account updates, loan status, and upcoming meetings.
  - Foster member engagement with regular updates and newsletters.
8. **Compliance and Audit Support:**
  - Ensure compliance with regulatory requirements and industry standards.

- Simplify audit processes with comprehensive documentation and reporting.
- Maintain accurate records for transparency and accountability.

**Pricing:** KES 500 per member monthly
